## Camp Oakwood is going virtual for the month of June!

Camp Oakwood is carefully planning each of our virtual camps to incorporate hands-on activities, camper-to-camper communication, bonding, and interaction with professionals running each camp. With the goal to keep the camp atmosphere as similar to face-to-face camps as possible, counselors are dedicated to encouraging each camper to push the limits of their imagination as they learn new skills, problem solve, and create something amazing every day.

**Oakwood Chess Camp**  
with  
**The Knight School**

June 8-12    \$175

9am-12pm  
1pm-4pm

Our approach utilizes **EXCITEMENT, LAUGHTER, and HIGH-ENERGY** activities that can turn any kid into a deadly player and chess lover! Earning colorful wristbands, singing chess songs, competing for mardi-gras beads, and watching hilarious chess videos are just part of what makes time with The Knight School so much fun! One week at Chess Camp will have your kids coming home wanting to play (and beat!) you at this ancient and very-popular game! This summer, The Knight School has partnered with Camp Oakwood to provide multiple Chess Camps over June 8th-12th! Camp from 9:00-12:00 will be perfect for anybody, regardless of prior chess experience! Camp from 1:00-4:00 will be more geared towards people who may be new, as well as for those savvy chess-veterans.

**Superhero Coders- Where Coding is FUN!**

June 15-19 9am-12pm    \$135

June 22-26 9am- 4pm    \$250

Superhero Coders is an exciting, hands-on enrichment coding program for children. Our mission is simple: to teach children to enjoy all things related to coding and the web. Our staff of professional programmers and educators make sure students have fun while learning complex coding skills in an engaging way.

Our staff has built original curriculum and a web platform from the ground up. We provide access to our coding platform for months after our classes end, allowing children to share and expand upon their coding experience when they return home.

We code - and you can, too.
